Know It's Locked.™

Schlage Mortise, Cylindrical & Deadbolt Indication Trims

Overview

Lock status indication is about safety and/or privacy. A classroom door that is visibly locked when seen from any angle in sight of the door, even at a distance can help students and teachers feel confident and secure. In restaurant settings, it can reduce patron time spent away from the table. In health care, it can inform staff of a patient's location when out of bed and give the patient a greater sense of privacy.

Whether the need is for privacy on dressing rooms, mother's lactation rooms, or restroom doors or, more importantly, for security—to know it's locked when seconds count is a benefit made possible on multiple functions for L, ND and B Series Schlage locks.

Features & Benefits

- Largest available windows for these lock types in the Grade 1 commercial market
- Windows and mechanism made to be tamper-resistant
- Patented, 180-degree visibility
- Red and white backgrounds serve color-blind needs
- Extensive functional options
- Durable, best-in-class products

Applications

K-12:
- Classroom, adjoining room, lab and study room doors
- Administrative offices
- Faculty and nurse's office restroom doors
- Individual restroom and shower room doors

Higher Education:
- Applications similar to K-12
- Study pods and rehearsal rooms
- Faculty offices

Commercial Real Estate:
- Public restrooms
- Mother's lactation rooms
- Rooms requiring temporary closures due to cleaning or stocking

Healthcare:
- Patient bathrooms and dressing rooms
- Public restrooms
- Physician sleeping/on call rooms
- Radiology or other therapy rooms

Retail:
- Restaurant single use restrooms
- Dressing rooms

L Series Indicator Key Features

- Available in 34 functions:
  - 22 L9000 mortise locks in a wide range of functions
  - Four large and five small case deadbolts
  - Three LM9300 multi-latch
- 26 functions available with dual indication as well as single-sided
- Orderable in all L Series finish and lever options

- Compatible with all L key cylinder options
- Retrofit kits available in any finish
- Carries the same UL 10C fire-rating and certifications of a standard Grade 1 L Series lock
- To view all functions and specification details see L Series catalog or L Series and LM9300 Series cut sheets
